## ABOUT ETC

# Mission

### We teach aspiring individuals.

Our mission is to provide high-quality, hands-on training in engineering software, graphic design, photography, coding, and AI technologies — empowering students and professionals to advance their careers, increase their income, and achieve personal and professional growth.

### We assist corporate clients.

In addition to training employees, we assist corporate clients with BIM production, architectural visualization, and advanced software consultancy. Our instructors bring real-world project experience to every course.

# History

- 2005** ETC ETC established in Beirut, Lebanon.
- 2006** ETC ETC started offering Revit courses.
- 2007** ETC ETC delivered Revit courses at Dar Al Handassah.

**CREDENTIALS**

## Authorized & Accredited By

<b>Autodesk</b>	Authorized Training Center Authorized Certification Center
<b>Rhino / McNeel</b>	Authorized Training Center
<b>Ministry of Education</b>	Licensed School — Decree 224/2006 Certificates attested by the Lebanese MoE

ETC issues Ministry of Education-attested certificates upon course completion. Autodesk internationally recognized certification exams are available on-site via Certiport.

## SERVICES

# What We Offer

### Training at ETC

Live face-to-face classes at our Dbayeh campus with computer labs, projectors, and high-speed internet. Small groups ensure personal attention.

### Online Live Training

Fully interactive online sessions via Zoom. Recorded sessions available. Students connect from Lebanon, the Middle East, and worldwide.

### On-Site Corporate Training

ETC instructors travel to client premises anywhere in the region to deliver tailored training programs for teams and organizations.

### BIM Production & Consultancy

End-to-end BIM production services: Architecture, Structure, MEP, Civil, and Coordination models. Clash detection via Navisworks.

### Architectural Visualization

Photorealistic 3D rendering and animation using 3DS Max, V-Ray, Lumion, and Corona — from concept design to final presentation.

# TRAINING COURSES

## Course Catalogue

# WHY ETC?

## The ETC Difference

<b>20 Years of Experience</b>	Founded in 2005, ETC has trained thousands of engineers, architects, designers, and developers across Lebanon and the Middle East.
<b>4.9-Star Google Rating</b>	249+ verified Google reviews. ETC consistently ranks #1 in Lebanon for BIM, AI, Python, and professional software training.
<b>Authorized by Industry Leaders</b>	ETC is an Autodesk Authorized Training and Certification Center, Adobe Authorized Training Centre, and Rhino Authorized Training Center.
<b>Ministry of Education Licensed</b>	ETC is a licensed school under Decree 224/2006. All certificates are attested by the Lebanese Ministry of Education.
<b>Practical, Project-Based Learning</b>	Courses combine theory with hands-on exercises on real industry projects. Instructors are practicing professionals, not just lecturers.
<b>Flexible Delivery</b>	Face-to-face at Dbayeh, live online via Zoom, or on client premises. Day, evening, and weekend schedules to fit professional lives.
<b>Free First Session</b>	Students may attend the first session as a free trial before registering.
<b>One-Year Repeat Policy</b>	Students may repeat their course within one year at no extra cost.
<b>Installment Payment</b>	Fees can be paid in installments. Online payments accepted via WishMoney.
